

Vegan Antarctica 2!

16-26th March 2022

After a successful Vegan Antarctica in 2019, organised by Mike Weinberg from San Diego, California, I am embracing my passion for exploring, my compassion for the planet and using my event planning experience to lead the second expedition in 2022! We will be travelling again with Chimu Adventures, who now have their own ship Ocean Endeavour, using the same catering company and again the same principles already set in place: eat vegan, wear vegan with vegans!

Join us for the Antarctic Whale Journey!

Marie Dimond, on board "Message in a Bottle" Narrowboat, UK
